- Feedback
- Questions & Answers

# I-10 Wild Horse Pass Corridor Overview

- 26 miles of I-10 between Loop 202 (Santan/South Mountain Freeway) to South of SR 387
- Widen I-10 by two lanes in each direction from Loop 202 to Riggs Road (one HOV lane and one general purpose lane)
- Widen I-10 by one lane in each direction from Riggs Road to South of SR 387
- Modernize five existing traffic interchanges
- Construct two new traffic interchanges (Koli Road and Seed Farm Road)
- Modernize three existing bridges over I-10
- Replace the existing bridges over the Gila River
- Install wrong way driver detection, CCTV cameras, overhead message boards, median barrier protection, and other safety features

# I-10 Wild Horse Pass Corridor Improvement Benefits

- Improve travel time reliability to and from Phoenix and communities to the south
- Improve bridges over I-10 to provide better connectivity for the Gila River Indian Community members
- Provide a wider, more resilient crossing of the Gila River
- Improve safety and operational concerns throughout the corridor
- Increase regional connectivity by providing a consistent, six-lane interstate from Phoenix to Tucson

TRANSPORTATION

# I-10 Corridor Construction Impact

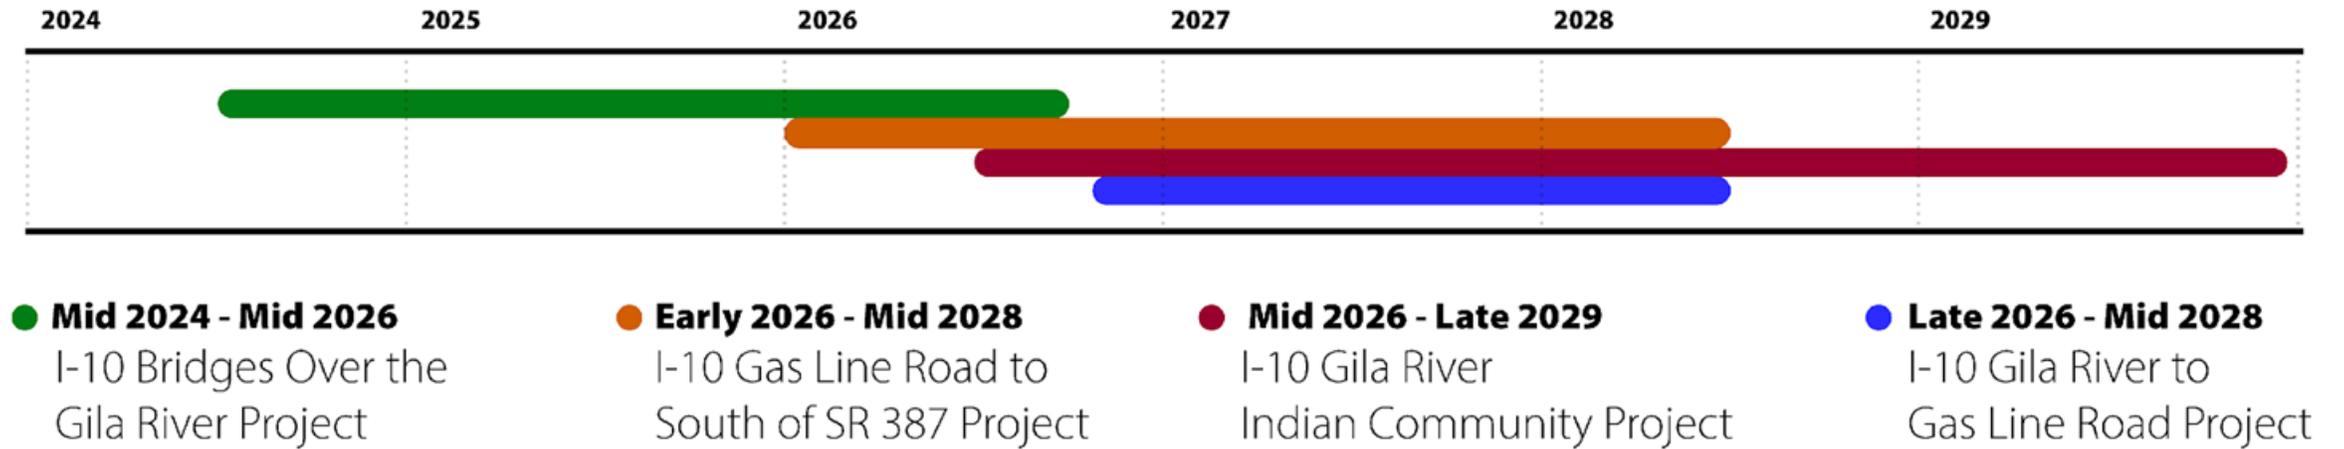

**Construction impacts will be minimized to the greatest extent possible.**

**There are no scheduled daytime or long-term closures on the I-10 mainline.**

**Travelers may experience the following during construction:**

- Narrowed lanes and shoulders
- Short-term closures or restrictions of I-10 ramps or crossroads
- Construction dust and noise
- Delays and overnight lane restrictions

# I-10 Corridor Improvements Construction Timeline \*

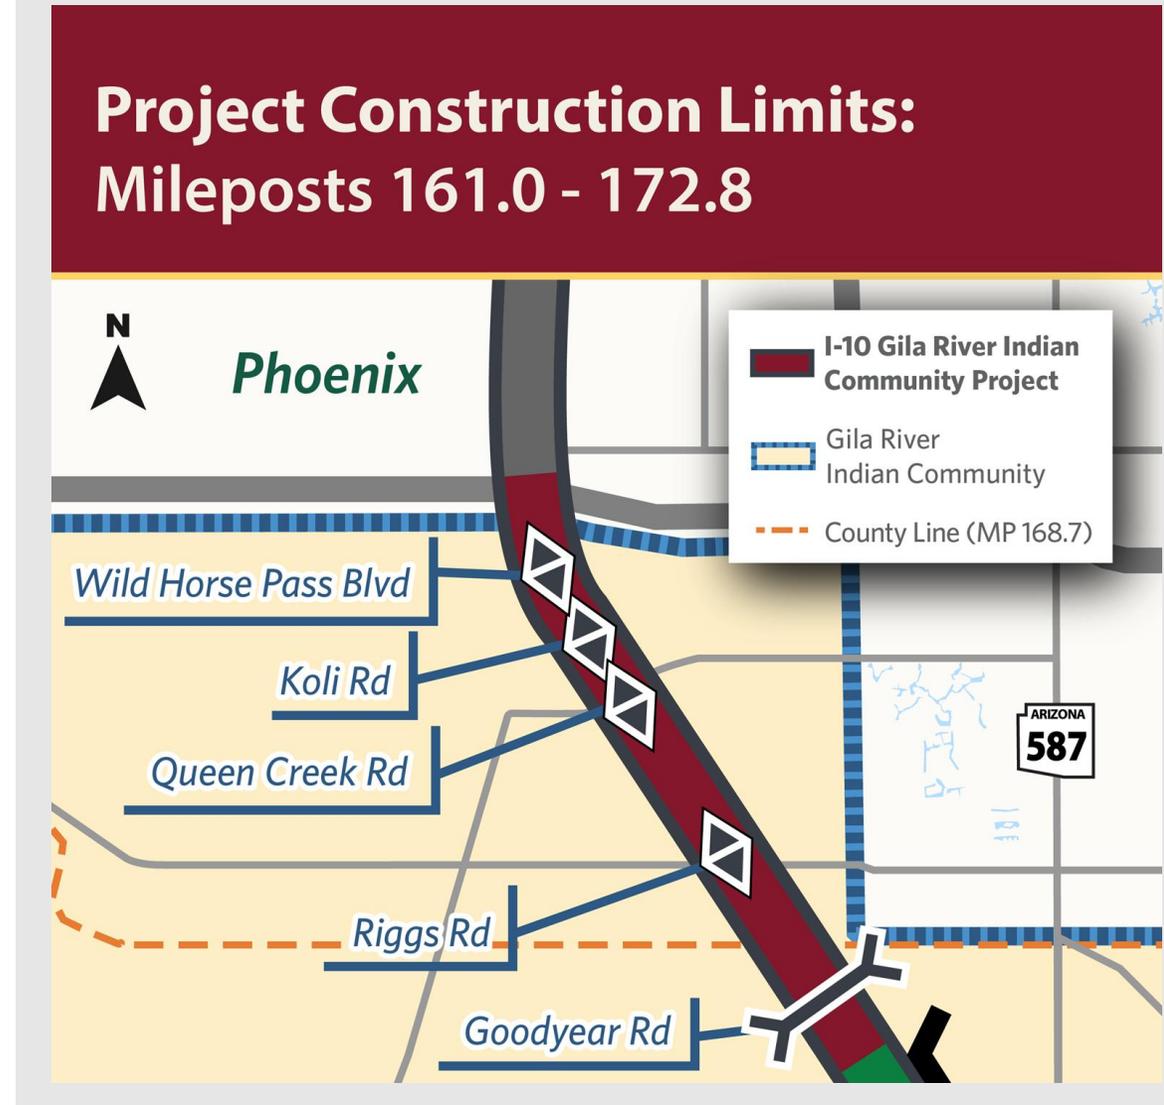

*Schedule subject to change due to unforeseen circumstances.*

\*Some of the project segments will overlap and schedules are subject to change

# I-10 Gila River Indian Community Project

- Add third general-purpose lane in each direction within the existing median
- Add one HOV lane in each direction (Loop 202 to Riggs Road) within the existing median
- Widen Wild Horse Pass Blvd/Sundust Road bridge
- Construct new interchange at Koli Road
- Upgrade Queen Creek Road/SR 347 bridge and construct a new flyover from eastbound SR 347 to westbound I-10
- Reconstruct and widen Riggs Road bridge
- Reconstruct and widen Goodyear Road Bridge over I-10
- Improve infrastructure and install freeway management system: fiber optic cable, CCTV cameras and overhead message boards
- Install full freeway lighting from Loop 202 to Riggs Road

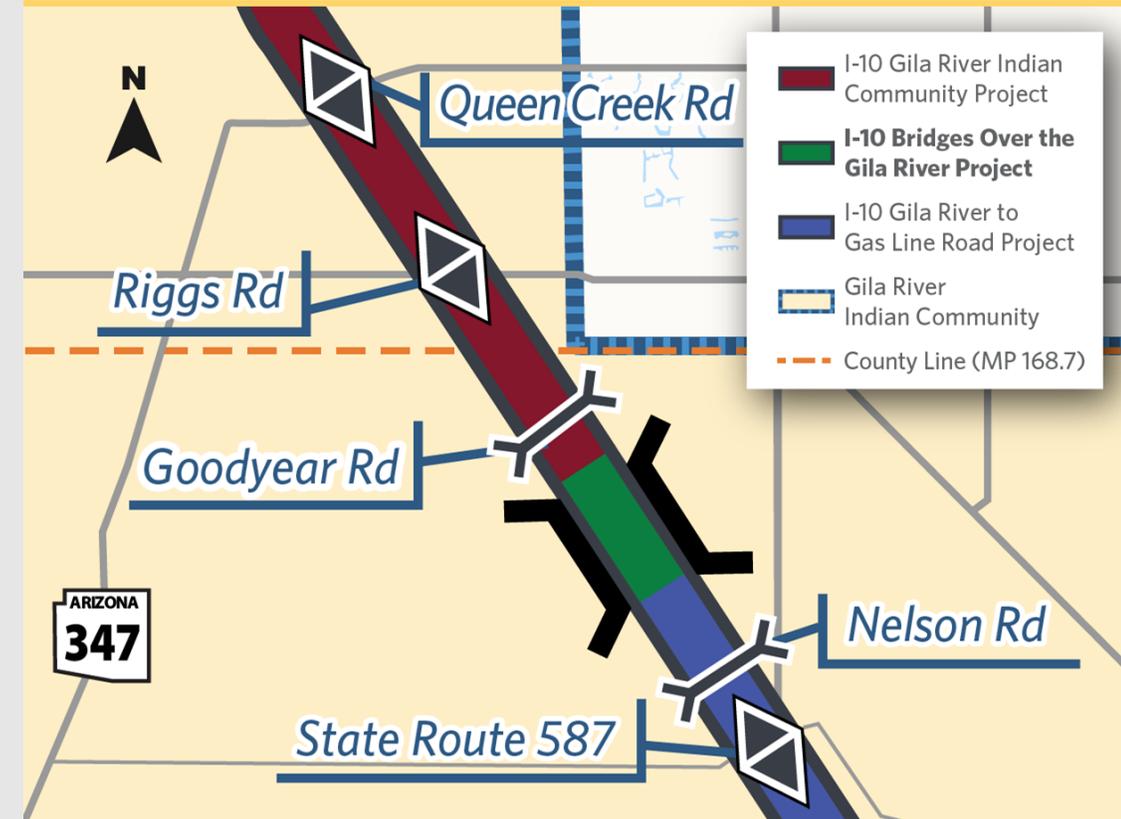

# I-10 Bridges Over the Gila River Project

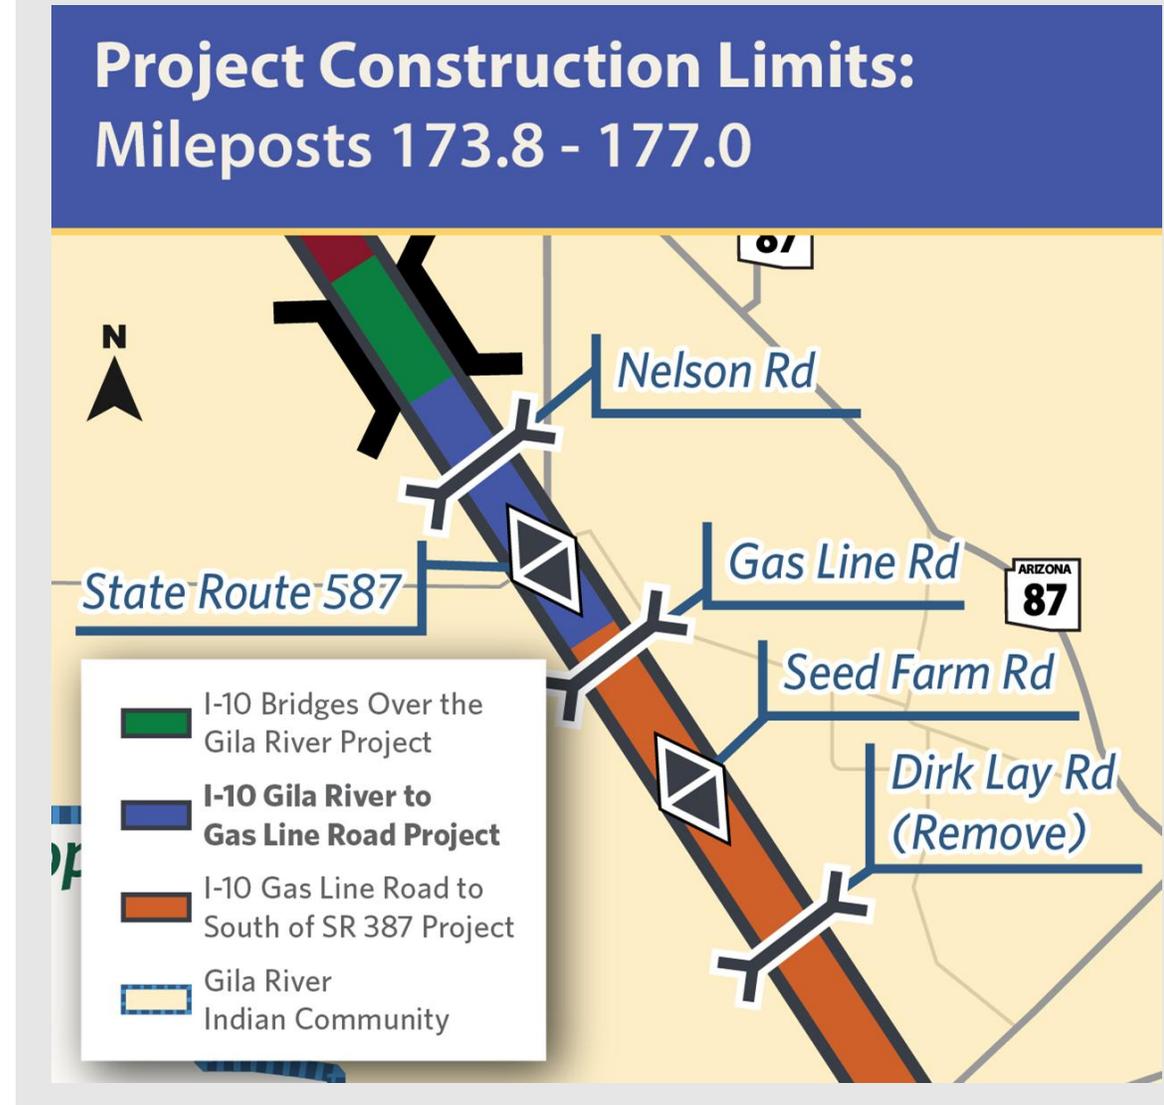

- Replace existing two-lane bridges with new three-lane bridges with full-width shoulders
- Reconstruct existing two-lane roadway approaches as three-lane approaches separated by a concrete median barrier
- Construct deeper bridge foundations and a higher bridge to provide a more resilient river crossing

## Project Construction Limits: Mileposts 172.8 - 173.8

# I-10 Gila River to Gas Line Road Project

- Add third general-purpose lane in each direction within the existing median
- Reconstruct Casa Blanca Road/SR 587 bridge and reconfigure the interchange to a traditional Diamond Interchange
- Reconstruct and widen Nelson Road bridge
- Improve infrastructure and install freeway management system: fiber optic cable, CCTV cameras and overhead message boards

# I-10 Gas Line Road to South of SR 387 Project

- Add third general-purpose lane in each direction within the existing median
- Construct new interchange at Seed Farm Road
- Reconstruct Pinal Avenue/SR387 interchange
- Reconstruct and widen Gas Line Road bridge
- Remove Dirk Lay Road bridge
- Improve infrastructure and install freeway management system: fiber optic cable, CCTV cameras and overhead message boards

## Project Construction Limits: Mileposts 177.0 - 187.0

# I-10 Corridor Improvements Construction To Date

- **I-10 Bridges Over the Gila River Project**

- Phase I: Half of the new eastbound I-10 Gila River bridge is complete
- Phase II: Original westbound I-10 Gila River bridge was removed and the new westbound I-10 Gila River bridge is scheduled to be completed in March

- **I-10 Gas Line Road to South of SR 387 Project**

- Phase I: Shoulders are being milled and the media is being cleared to prepare for widening

- **I-10 Gila River Indian Community Project**

- Design is being finalized for widening, new traffic interchange construction, traffic interchange reconstruction, and bridge widening

# Business Outreach
